Wynnefield Heights Civic Association is a not-for-profit community based organization advocating for the interest of residents, businesses and organizations in Wynnefield Heights. The organization was started some thirty years ago by neighbors who still reside in the community today. We have provided a forum for neighbors to work with city, state and local government officials. We also have aligned with community partners and institutions such as Sharon Baptist Church, PNC Bank, Brith Sholom House, Pathmark and City Avenue Special District Services. Please take this opportunity to join and support the Wynnefield Heights Civic Association organization if you want to make a difference in your community and have your voice and vote count!
